

BE NOTICED!

The average cost per slip-and-fall accident is \$22,000, totaling around \$70 billion each year. Businesses can reduce slip-and-fall accidents by promoting safety and using proper equipment. In a comprehensive study of Banana Products™ wet floor cones vs traditional wet floor signs, 88% of participants noticed the “Banana Cone”, versus 7% noticing the “Floor Sign”. This study concludes that pre-existing knowledge of the banana peel slip reference is the root cause for “Banana Cone” to significantly outperform all other products in tests for safety perception⁽¹⁾

STAND OUT FROM THE BUNCH™

Banana Cone, 3 ft. Tall

This is the largest Banana Cone and is referred to as the "Big Banana". These Bananas are extremely effective at gaining attention and delivering the intended warning. Stackable and compliant with OSHA and International Safety Standards.

ITEM	DESCRIPTION	SIZE	CS QTY
B1101	Banana Cone, 3 ft. Tall	36"	3/cs

Banana Cone, 2 ft. Tall

This is the original award winning Banana Cone, invented in 2013 and a fan favorite. In a perception study, data showed that people noticed the banana 22 more times than the traditional A-Frame signs. Stackable and compliant with OSHA and International Safety Standards.

ITEM	DESCRIPTION	SIZE	CS QTY
B1001	Banana Cone, 2 ft. tall	24"	3/cs

Stem

The Stem twists on and fits both the 24" and 36" Banana Cone. It also adds to the banana shape and is a convenient handle!
